AGROSYN**

Company Profile

Get Global-Grade Frozen,
Dehydrated & Instant Foods –
Direct from India

www.poonamagrosyn.com

Preserving Nature. Powering Global Food Businesses.

We are an India-based food processing and agri-ingredient company specializing in Frozen (IQF), Freeze-Dried, Dehydrated, and Instant Food Products. We partner with food manufacturers, exporters, institutional buyers, and global brands to deliver clean, consistent, and scalable food ingredients sourced from India's rich agricultural landscape.

Rooted in ethical sourcing and driven by modern food technology, we transform farm-fresh produce into shelf-stable, export-grade ingredients while preserving natural taste, aroma, colour, and nutrition.

Our Promise

At Poonam Agrosyn, every product represents trust, transparency, and long-term reliability. We combine India's natural abundance with global processing standards to help our partners build better, cleaner, and more efficient food products.

We Serve To

**Food & Beverage Manufacturers
Exporters & Importers
HORECA & Institutional Buyers
Ready-to-Eat / Instant Food Brands
Health, Nutrition & Clean-Label Brands**

About Us

Company History

Since 2025

We process a wide range of fruits, vegetables, herbs, spices, and instant food ingredients, offering flexibility in cuts, formats, and bulk packaging to suit diverse B2B requirements.

Our Core Product Categories

- **Frozen (IQF) Fruits & Vegetables**
- **Freeze-Dried Fruits & Vegetables**
- **Dehydrated Herbs, Vegetables & Spices**
- **Dehydrated & Instant Food Products (Rice & Noodles)**

Each product is developed for industrial use, food service, retail, and export markets.

Our Products

Freeze-Dried Fruits & Veggies

Premium freeze-dried fruits and vegetables that retain natural color, aroma, and 95% nutrients – ideal for snacks, mixes, and ready foods.

Dehydrated Herbs, Spices & Vegetables

High-quality dehydrated herbs, spices, and veggies processed for maximum shelf life, flavor retention, and bulk food manufacturing needs.

Instant Foods

Ready-to-cook instant mixes crafted for convenience and consistent quality – great for meal kits, retail brands, and food service industries.

Frozen (IQF) Fruits & Vegetables

IQF fruits and vegetables frozen at peak freshness to maintain natural texture and taste – ideal for smoothies, bakery, hotels, and export.

Farm-to-Facility Sourcing

We work closely with regional farming clusters across India, ensuring traceability, seasonal freshness, and consistent quality.

Advanced Processing, Simple & Clean

Our facilities use IQF, freeze-drying, and controlled dehydration technologies with minimal processing and no artificial preservatives.

Seasonal & Regional Abundance

India's agro-climatic diversity allows us access to multiple varieties, year-round availability, and naturally flavour-rich produce.

Quality & Compliance First

Our operations follow FSSAI, HACCP, and ISO-aligned food safety systems, supported by batch testing and documentation.

B2B-Focused & Custom-Ready

From custom cuts and grades to bulk packing, private labeling, and export documentation, we function as a long-term ingredient partner – not just a supplier.
